

### 09:00 - 10:00 SESSION 1: Current trends in soft tissue stabilization

The Basics by the pro's: How I perform my Bankart repair and Hills Sachs remplissage	Shirish Pathak
How to manage anterior shoulder instability and hyperlaxity	Chunyan Jiang
Long term results of arthroscopic Bankart repair	Eiji Itoi
Is there a new role for open Bankart repair?	Nikhil Verma
Q&A	

### 10:00 - 10:30 SESSION 2: Special invited guest talk

Our current understanding of anterior shoulder instability	Eiji Itoi
--	-----------

### 10:30 - 11:30 SESSION 3: Current trends in bony stabilization

The Basics by the pro's: How I perform the Latarjet procedure	Gilles Walch
Do we need to address the humeral side if we consider Latarjet procedure?	Peter Millett
Allograft use in stabilization surgery: my way and preferred graft	Nikhil Verma
Long term results after Latarjet procedure	Luc Favard
Q&A	

### 11:30 - 12:00 SESSION 3: Special invited guest talk

My Arthroscopic Latarjet experience – my tips for the younger generation	Chunyan Chiang
--	----------------

### 12:00 - 01:30 Lunch & Prayer Break

### 01:30 - 02:30 SESSION 4: Industry Session

### 02:30 - 06:00 SATELLITE SESSION: Cadaver Labs

### 02:30 - 03:00 SESSION 5: Special guest lecture

LHB tenodesis - where is the best place to fix the tendon?	Graham Tytherleigh-Strong
--	---------------------------

### 03:00 - 03:30 SESSION 6: Posterior shoulder instability

Special invited lecturer: What lesions do we find after a posterior shoulder dislocation and how I treat them	Seung-Ho Kim
My way of repairing the posterior Bankart tear	Sherif Bishai
Long term results of posterior arthroscopic Bankart	Peter Millett
Q&A	

### 03:30 - 04:00 SESSION 7: Miscellaneous

Arthroscopic Burkhart procedure for shoulder instability – what are the differences and when do I use it?	Jean Kany
Acute Acromioclavicular joint dislocations, my preferred method	Usama Saleh
Chronic Acromioclavicular joint dislocations treatment options	Jean Kany
Q&A	

### 04:00 - 04:30 SESSION 8: Special guest lecture

Sternoclavicular joint instability - how to manage them	Graham Tytherleigh-Strong
---	---------------------------

<b>09:00 - 10:00</b>	<b>Rotator cuff 1</b>	
	The basics by the pro's: How I perform my acromioplasty	Shirish Pathak
	Do we really need to do an acromioplasty?	Sherif Bashai
	The basics by the pro's: How I perform a single row rotator cuff repair	Saeed Al Thani
	Single row versus double row – the literature consensus	Seung-Ho Kim
	Q&A	
<b>10:00 - 11:00</b>	<b>SESSION 2: Rotator cuff 2</b>	
	The basics by the pro's: How I perform a double row rotator cuff repair	Ali Al Suwaidi
	The use of Xenograft in rotator cuff augmentation – when and how do they do	Sherif Bashai
	Exploring the anterior shoulder compartment	Graham Tytherleigh-Strong
	The basics by the pro's: How I perform a subscapularis repair	Ali Maqdes
	Q&A	
<b>11:00 - 12:00</b>	<b>SESSION 3: Special guest lecture</b>	
	Our limits for rotator cuff repairs and what are our expectations	Nikhil Verma
<b>12:00 - 01:30</b>	<b>Lunch &amp; Prayer Break</b>	
<b>01:30 - 02:30</b>	<b>SESSION 4: Industry Session</b>	
	Arthrex industry session	TBC
<b>02:30 - 06:00</b>	<b>SATELLITE SESSION: Cadaver Labs</b>	
<b>02:30 - 03:00</b>	<b>SESSION 5: Special guest lecture</b>	
	Interpositional arthroplasty in irreparable cuff tears - from rationale to results	Matt Ravenscroft
<b>03:00 - 03:30</b>	<b>SESSION 6: Special guest lecture</b>	
	Current understanding and types of tendon transfers around the shoulder	Philippe Valenti
<b>03:30 - 04:00</b>	<b>SESSION 7: TBC</b>	
	What does a tendon transfer do to the biomechanics of the shoulder	Jean David Werthel
	When do you think of a tendon transfer?	Peter Millett
	Q&A	
<b>04:00 - 04:30</b>	<b>SESSION 8: Special guest lecture</b>	
	Biologics – the new frontier	Seung-Ho Kim
<b>04:30 - 05:00</b>	<b>SESSION 9: Special guest lecture</b>	
	Hemiarthroplasty for fracture: when, how and with what?	Chunyan Jiang
<b>05:00 - 05:30</b>	<b>SESSION 10: Proximal humeral fractures</b>	
	My method of fixing the tuberosities around the fracture stem	Jean David Werthel
	Reverse for fracture – technic and results	Michael Kriffler
	Q&A	

### 09:00 - 10:00 SESSION 2: Current trends in Total shoulder replacement

Radiological analysis and classifications for total shoulder arthroplasty?	Shirish Pathak
The basics by the pro's: How I expose the glenoid	Gilles Walch
What are the new options to deal with a B2 glenoid?	Luc Favard
Pain management and rehabilitation after total shoulder arthroplasty	Joseph Lannotti
Q&A	

### 10:00 - 11:00 SESSION 3: Special guest lecture

Evolution of the original Grammont concept for Reverse shoulder arthroplasty	Gilles Walch
--	--------------

### 12:00 - 01:30 Lunch & Prayer Break

### 01:30 - 02:30 SESSION 4: Industry Sessions

### 02:30 - 06:00 SATELLITE SESSION: Cadaver Labs

### 02:30 - 03:30 SESSION 5: Miscellaneous

The use of the long stem in difficult glenoids	Jean Kany
Subscapularis tenotomy versus lesser tuberosity osteotomy	TBC
Glenoid metal back or all cemented polyethylene	TBC
Lateralized or Grammont style reverse shoulder arthroplasty	TBC
Q&A	

### 03:30 - 04:30 SESSION 6: Current trends in reverse shoulder arthroplasty

How I manage the medialized glenoid in reverse shoulder arthroplasty?	Joseph Lannotti
What is my preferred humeral tray angle and why?	Michael Kriffter
Latissimus dorsi transfer and reverse shoulder arthroplasty, when and how?	Philippe Valenti
Long term results of reverse shoulder arthroplasty	Luc Favard
Q&A	

### 04:30 - 05:00 SESSION 7: Special guest lecture

The use of computer assistance in shoulder surgery	Joseph Lannotti
--	-----------------
